

ARC 1000	
Operation weights [kg]	
Basic unit	705
with mounting brackets 75 mm	740
Working width [mm]	
Basic unit	650
with mounting brackets 75 mm	800
Engine	Air cooled diesel engine; type Farymann 43 F; 11.0 kW (15.0 hp) at 3000 min ⁻¹
Fuel capacity [l]	7.5
Fuel consumption [l/h]	ca. 2.5
Overall vibrating power [kN]	adjustable up to 70
Vibration frequency [Hz]	adjustable up to 46
Compaction depth* [cm]	down to 90
Operating speed [m/min]	0 - 28
Maximum gradability	30 %
Maximum gradient	15°
Maximum performance [m²/h]	
Basic unit	1090
with mounting brackets 75 mm	1350
Drive	power-transmission and shift: hydraulic
Standard accessoires	mounting brackets 75 mm; IR- and cable remote; electrical starter
Optional extras	operating hours meter
* dependent upon soil conditions
